Meeting: June 5, 2017

Subject: Tax Exemption of Real and Personal Property Request – Southeast Rural Community Assistance Project, Inc. and 347 West Campbell LLC, (CM17-00052)

### Background:

Pursuant to the requirements of the Virginia Code, if City Council wishes to consider the application of the Southeast Rural Community Assistance Project, Inc. and 347 West Campbell LLC, for tax exempt status for real and personal property, Council must first conduct a public hearing. 347 West Campbell a Virginia limited liability company and a wholly owned subsidiary of Southeast Rural Community Assistance Project, Inc. (SERCAP) a Virginia non-stock, non-profit corporation has applied for tax exemption of real and personal property located in the City, at 347 West Campbell Avenue SW (Official Tax Map #1010827).

### **Considerations:**

SERCAP was organized in August 1969 as Demonstration Water Project and incorporated under Virginia law as the Virginia Water Project, Inc. in January 1976. SERCAP is part of a national network of non-profit organizations dedicated to empower and assist rural low income people to improve the quality of life in their communities. SERCAP seeks to cultivate, support, promote and encourage potable and waste water systems by and for the people in a seven state service area. SERCAP acquired the property of 347 W. Campbell Avenue in 2006. SERCAP has made substantial improvements to the building located on the property. The director of real estate valuation, pursuant to 32-101.20 et seq. of the Code of the City of Roanoke (1979) as amended granted SERCAP a rehabilitation tax credit for the rescue, repair and rehabilitation of its building. The tax credit lasted for a period of five years. The expiration of the rehabilitation tax credit has resulted in a substantial increase in real estate taxes for SERCAP.

SERCAP has implemented numerous projects throughout Virginia and the Roanoke Valley region. One project included a Loan Fund Program to help lowincome rural communities fund water and waste water system upgrades and new construction of facilities. One example of SERCAP's ability to leverage in-kind service dollars for the Roanoke City's neighborhoods is its VFC-Alternative Break Program. The program relies on the efforts of community partners and volunteers to join in service projects that directly improve the quality of life of City residents.

### **Recommended Action:**

This is to request that a public hearing be authorized and advertised on the above matter for City Council's regular meeting to be held on Monday, June 19, 2017, at 7:00 p.m., or as soon thereafter as the matter may be heard, or such later date and time as the City Manager may determine. Notice of the public hearing must be advertised at least five (5) days prior to the date of the public hearing. A full report will be included in the June 19, 2017 agenda material for your consideration.

Meeting: June 5, 2017

Subject: Tax Exemption Request - Trustees of the Protestant Episcopal Church in the Diocese of Southwestern Virginia, Inc. (CM17-00053)

### Background:

Pursuant to the requirements of the Virginia Code, if City Council wishes to consider the application of the Trustees of the Protestant Episcopal Church in the Diocese of Southwestern Virginia, Inc. for tax exempt status, Council must first conduct a public hearing. Trustees of the Protestant Episcopal Church is a Virginia non-stock, not-for-profit corporation that has applied for tax exemption of real property in the City located at 1018 1st Street, S.W., Roanoke, VA 24016 (Official Tax Map #1022404).

### **Considerations**:

In October 2016 Trustees of the Protestant Episcopal Church began using the property for mission purposes. The Diocese began using the property as the Aidan Community, a young adult intentional community, which is part of the mission and outreach ministry of the Diocese. The property will house the Aidan Community consisting of four young adults aged 21-35. The young adults will live in the residence as participants in a faith community. A faith community is centered on participation of daily prayer, Holy Eucharist, spiritual training and development, community service and outreach. The Diocese seeks to make the Aidan House and Community the center of young adult ministry for The Episcopal Church in Roanoke. The program has three major goals to create leaders and missionaries for the young adult ministry, to appeal to young adults who might not otherwise attend a traditional Episcopal Church but who may be willing to attend services and activities and lastly to encourage young adults to pursue mission work more broadly. The Aidan Community will therefore be doing the young adult ministry work of the Episcopal Church and the Diocese.

VFC-Alternative Break Program. The program relies on the efforts of community partners and volunteers to join in service projects that directly improve the quality of life of City residents.

### **Recommended Action:**

This is to request that a public hearing be authorized and advertised on the above matter for City Council's regular meeting to be held on Monday, June 19, 2017, at 7:00 p.m., or as soon thereafter as the matter may be heard, or such later date and time as the City Manager may determine. Mayor Lea and Members of City Council:

Subject: Emergency Procurement - Traffic Signal Reconstruction at the intersection of Orange Avenue and 19th Street

The traffic signal located at Orange Avenue and 19<sup>th</sup> Street was supported by two wooden poles located on the northwest and southeast corners of the intersection, respectively. The southeast corner pole has been repeatedly damaged by turning semi-trailer trucks over the last year. Approximately a month ago, the southeast corner pole was completely destroyed. Currently, the intersection is operating under a two-way stop control via stop sign. With the complete destruction of the southeast corner pole, Transportation Division staff began to take immediate steps to restore operation of the traffic signal.

Prior to the last incident at the intersection, plans had been developed to procure services to relocate the traffic control cabinet and reconstruct the entire traffic signal. As a part of the planning process, Davis H. Elliot Company, Inc. provided a cost estimate for the purpose of budget planning. Davis H. Elliot has been contracted to provide services associated with restoring the traffic signal at a cost of \$14,685 without using the formal procurement process. Their scope of work will be limited to installing two new wooden poles, a new traffic control cabinet concrete base, electrical junction box, and traffic signal cables. The remaining project work will be done with in-house resources.

Pursuant to Section 41 of the City of Roanoke Charter, this letter is to advise Council of the statement of the facts constituting the emergency procurement as outlined above.

Sincerely Joury

Personal Property Tax Revenues were \$0.6 million or 2.9% below prior year, with these taxes not due until the end of May.

Other local tax revenues at 73.9% of budget, were approximately \$0.2 million or 0.4% below FY16. Business License Tax was \$34,000 or 0.3% higher than FY16, due to the timing of receipts and represents 92.3% of FY17 adopted budget. Prepared Food and Beverage Tax was slightly above the previous year by \$0.2 million or 1.7%, and at 74.2% of budget for FY17. Motor Vehicle License Tax continued to perform well increasing \$0.2 million or 28.6%, and 39.5% of budget for FY17. Other contributors to the revenue increase were the timing of reimbursements for Social Services expenditures, federal and state Emergency Management Reimbursements for Derecho related support, and increases in street maintenance and several public safety services.

The Revenue increases were offset by several underperforming local taxes. Sales tax, which included sales through March of 2017, was 3.7% or \$0.6 million less than FY16, and was 9.1% below year-to-date budget. Total Sales tax for FY17 is projected to be

\$2.0 million below budget and includes approximately \$500,000 of transfers received in error for other localities. Transient Occupancy tax decreased 0.7% or \$26,000 compared to the previous year, and was 6.4% below year-to-date budget. Communications tax decreased \$0.1 million or 2.5% compared to FY16, and was 0.5% below year-to-date budget. A revenue shortfall of \$3.5 to \$4.0 million is still projected for FY17.

Through April, expenditures were \$234.0 million, or 82.2% of the adopted expenditure budget for the year. Year-to-date expenditures increased by \$7.4 million or 3.3% compared to the prior year. The increase was attributable to medical services to jail inmates, Children's Services Act (CSA) programs, timing of capital projects and paving contracts, expansion of Roanoke Valley Broadband and increased funding to Roanoke City Public Schools.

### Stormwater Utility Fund

Year-to-date Stormwater fee revenue as of April 30, 2017 was \$5.8 million or 102.3% of FY17 anticipated revenues. Operating expenses were \$3.8 million, or 72.8% of the expense budget resulting in an operating gain of \$2.0 million. Change in net position, after transfers and contributions, was a gain of approximately \$1.6 million. Stormwater fees are being charged using a phased in approach. In FY16, which was the second year of implementing the fee, the approved fee was 60 cents per billing unit of impervious service. In FY17, the approved fee increased to 90 cents per billing unit. This is the third and final year of the phased in approach.

### Civic Center Fund

The FY17 year-to-date change in operating revenue through April was \$262,000 lower than the budgeted revenues, but \$867,000 higher than the prior year primarily due to the timing of events. Correspondingly, operating expenses were \$707,000 lower than budgeted, but \$626,000 higher than the prior year. The operating loss was \$444,000 lower than the fiscal year-to-date budgeted operating loss and \$241,000 lower than the prior year. The year-to-date change in net position was a loss of \$416,000 which was a decrease of \$246,000 over the prior year, and an improvement of \$510,000 when compared to the budgeted loss of \$925,000.

### Parking Fund

Through April, approximately 87.2% of anticipated operating revenue has been realized. Increases in Market Garage revenues are partially related to the completion of the hotel construction. Gainsboro Garage and the Higher Ed Center lot have increased occupancy as a result of new businesses moving into the downtown area. Elmwood lot revenues are lower due to decreases in Anthem and Meridium employee parking. Revenues in total have increased 8.3% over the prior year and operating expenses have decreased by 1.1%. Operating income, before the net decrease of non-operating revenues, expenses, and transfers was approximately \$918,000 compared to \$670,000 in the prior year. After non-operating transactions, the fund's change in net position was approximately \$568,000.

### Roanoke City Public Schools

Financial performance of Roanoke City Public Schools is reported to City Council on a quarterly basis. These results are reported on a one-month lag compared to City results based on the timing of School Board and City Council meetings. Accordingly, this report includes results through March. The School General Fund amounts as presented in this report correspond with amounts reported to the School Board on May 9, 2017.

### Revenues

School General Fund revenues increased 3.3% or \$3.8 million compared to FY16. Revenues increased due to additional funding received from the State and City of Roanoke but were partially offset by a decrease in other revenues due to prior year reimbursements from medical insurance claims.

#### Expenditures

School General Fund expenditures increased 2.0% or \$2.4 million compared to FY16. Expenditures have increased largely due to the cost of instruction. The increase is due to a School Board approval of a 2% increase or a step increase in addition to correcting salary ranges for personnel employed from 6 to 20 years offset by the timing of a March debt service payment reported in April.

### Economic Summary

State General Fund total revenue collections decreased 3.4% in April due to one less deposit day for payroll withholding tax collections. Sales tax collections fell 0.3%. On a fiscal year-to-date basis, total revenue collections increased 3.6% through April, ahead of the revised annual forecast of 2.9% growth.

In April, the national unemployment rate decreased 0.1% to 4.4% from 4.5%. The Virginia unemployment rate decreased 0.1%, from 3.9% in February to 3.8% in March. The most recent Roanoke unemployment rate was 4.1%. National payroll employment increased by 211,000 jobs in April, above the 98,000 increase in March.

The Consumer Confidence Index decreased 4.6 points, from 124.9 in March to 120.3 in April. Consumer confidence declined in April, after increasing sharply over the past two months, but remains at strong levels.

Gross Domestic Product increased at an annualized rate of 1.0 % in the first quarter of 2017 following an increase of 2.1% in the fourth quarter of 2016. Positive contributions included nonresidential and residential fixed investments, exports, and personal consumption expenditures. Offsetting negative contributions included private inventory investment and a decrease in federal, state and local government spending.

To:Honorable Mayor and Members of City CouncilMeeting:June 5, 2017Subject:Summer Food Program (CM17-00057)

### Background:

The City of Roanoke continues to provide for the nutritional needs of children and youth during the summer months through a Parks and Recreation supervised Summer Nutrition Program. Breakfast and lunch are provided to children throughout Roanoke from mid-June through mid-August. An estimated 25,000 meals will be served this summer. Federal funds, up to \$124,510, have been awarded to the City by a grant from the Virginia Department of Health. The City is reimbursed on a per meal basis for meals actually served. The remaining funds necessary to staff this program are allocated in the Parks and Recreation operating budget.

### **Considerations:**

The Summer Food Program is partially funded through the United States Department of Agriculture, Food and Nutrition Service, with the Virginia Department of Health serving as the sponsoring agency in Virginia. The program is similar in concept to the National School Lunch Program with eligibility requirements much like those used to determine eligibility for free or reduced priced meals during the school year. The purpose is to provide nutritionally balanced, healthy meals to children, ages one through eighteen, and those with special needs. Participating locations include Apple Ridge Farm, Bluestone Park, Dominion Day Services, Eureka Center, Indian Rock Village, Intercept Youth Services, Jamestown Place, Jesus Is Lord Church, Lansdowne Park, Preston Center, and Villages at Lincoln.

### **Recommended Action:**

Accept the Summer Food Program grant in the amount of \$124,510 and authorize the City Manager and City Clerk to execute and attest respectively, an agreement with the Virginia Department of Health and any other forms necessary to accept such grant, approved as to form by the City Attorney.

7.a.l.

Adopt the accompanying budget ordinance to establish a revenue estimate in the amount of \$124,510, and appropriate funding in the same amount into an expenditure account to be established in the Grant Fund by the Director of Finance.

The City Manager is hereby authorized on behalf of the City to accept from the Virginia Department of Health a Summer Food Program Grant in the amount of \$124,510, such funding to be used to fund partially the expense of providing for the nutritional needs of children and youth during the summer months through the City's Summer Nutrition Program, all of which is more particularly described in the City Council Agenda Report dated June 5, 2017, to City Council.

2. The City Manager and the City Clerk are hereby authorized to execute and attest, respectively, for and on behalf of the City, any and all requisite documents pertaining to the City's acceptance of the grant, such documents to be approved as to form by the City Attorney, and to furnish such additional information as may be required by the Virginia Department of Health in connection with the grant.

То:	Honorable Mayor and Members of City Council
Meeting:	June 5, 2017
Subject:	Southwest Virginia Regional Employment Coalition (CM17-00048)

#### Background:

The City of Roanoke Department of Social Services (DSS), in collaboration with the local departments of social services in Roanoke County, Franklin County, Craig County, and Botetourt County, along with Total Action Against Poverty, and Goodwill Industries of the Valleys, have been awarded funding for the Employment Advancement for Temporary Assistance to Needy Families (TANF) Participants grant from the Virginia Department of Social Services (VDSS) in the amount of \$272,343.12. The agencies named have formed the Southwest Virginia Regional Employment Coalition. The grant is to assist citizens of our localities who are receiving TANF benefits to obtain employment or, where appropriate, an alternative disability income. The funds are available for use from July 1, 2017, through June 30, 2018. The City of Roanoke is to be the primary fiscal agent for this grant, and is to be responsible for distributing the grant proceeds to the provider agencies for services provided to the local departments of social services.

#### **Considerations:**

The above grant funding is required to maintain existing services to the TANF population such as job development/placement, mental health screening and referral and medical case management, which will enable them to obtain employment. When appropriate, Supplemental Social Security Income advocacy is provided in an effort to obtain an alternative monthly disability income for this population.

#### **Recommended Action:**

Adopt a resolution accepting the grant, authorizing the City of Roanoke to be the fiscal agent for the grant, and authorizing the City Manager to execute all appropriate documents related to acceptance of the funding. All documents shall be in such form as approved by the City Attorney. T.a.2.

Adopt the accompanying budget ordinance to establish a revenue estimate in the amount of \$272,343.12 and appropriate the same amount into accounts to be established in the Grant Fund by the Director of Finance.

Subject: Approval of Resolution Supporting Roanoke Electric Steel Corporation's Application for a \$300,000 Industrial Access Railroad Track Program Grant to Support the Company's \$28 Million Expansion (CM17-00055)

#### Background:

Since 1955, Roanoke Electric Steel Corporation (dba Steel Dynamics – Roanoke Bar Division) has been engaged in manufacturing, scrap processing, and marketing of merchant steel products and billets. Originally founded as Roanoke Steel, the company was acquired by Fort Wayne, Indiana-based Steel Dynamics in 2007. The company employs approximately 425 individuals at the Roanoke facility, and provides well above average wages and benefits for this region.

Roanoke Electric Steel Corporation officially announced in February 2017 a \$28 million expansion project at the Roanoke facility located at 102 Westside Boulevard, N. W.; this expansion will require new storage shelters, expansion of the railroad track network, and rehabilitation of an existing building to integrate a new reheating furnace and a new finishing area into the facility. The project would increase melting and casting capability to increase rolling capacity from the current 500,000 tons to over 600,000 tons per year. This project also adds product diversification to allow the company to quickly grow market share. The expansion will result in the creation of approximately 11 new full-time positions, and will necessitate retraining of approximately 307 employees with assistance from the Virginia Jobs Investment Program.

#### **Considerations:**

Roanoke Electric Steel Corporation is applying for a grant from the Virginia Department of Rail and Public Transportation for an Industrial Access Railroad Track Program to assist with rail upgrades. As part of the required grant application, a resolution from City Council must be included stating support for funds to be allocated to the proposed expansion and upgrading of rail on the company's property at 102 Westside Boulevard, NW. The requested grant amount of \$300,000 will go towards approximately \$500,000 in rail upgrades at the Roanoke facility; no city funding is required. This phase of the rail project will lengthen an existing in-house rail spur, add an additional spur, and connect both spurs to the scrap yard/marshaling yard. This will remove a significant choke point for rail traffic and make operations more efficient. Presently, 3,257 inbound and 1,713 outbound rail cars access the plant each year and with this expansion it is anticipated the number of rail cars will increase 34% annually, to 4,361 inbound and 2,293 outbound, necessitating the improvements to track efficiency.

#### **Recommended Action:**

Adopt the attached resolution to support Roanoke Electric Steel Corporation's Industrial Access Railroad Track Program grant application in the amount of \$300,000 from the Department of Rail and Public Transportation to assist with rail upgrades on the company's property, which will support a major expansion of the Roanoke facility, increasing efficiency, production, and employment.

After hearing the appeals, the Human Services Advisory Board voted to increase the allocation to LOA Area Agency on Aging by \$9,000 and to Greenvale School by \$5,000. To: Honorable Mayor and Members of City Council

Meeting: June 5, 2017

Subject: Recommendations of the Roanoke Arts Commission on Arts and Cultural Agency Funding for FY-2018 (CM17-00058)

#### Background:

The Roanoke Arts Commission Agency Funding Advisory Committee budget, in the amount of \$340,000, was established by City Council with the adoption of the General Fund budget for FY 2018 on May 15, 2017.

A mandatory pre-proposal meeting was held in December, 2016 to assist the agencies and organizations with the application process. Applications which included procedures and ratings criteria were distributed to all former recipients and other interested organizations.

Applications from seventeen (17) agencies totaling \$306,104 were received as indicated on Attachment A. These agencies each applied for funds to support specific exhibitions, performances or educational programs. Two major agencies, the Jefferson Center and the Science Museum of Western VA did not meet the application deadline. Additionally, the History Museum of Western VA decided not to apply this year because they are restructuring their operations into one facility.

Committee members thoroughly studied each application and interviewed representatives of the applicant organizations prior to a rating and allocation meeting held in April, 2017. Through the application, organizations are required to demonstrate how their proposal would support implementation of the City's Arts and Cultural Plan. Agencies were also rated on other indicators such as effective management and financial health, collaboration and if the proposed program meets a need in the community. The committee also considered the report from the program monitor, Susan Jennings, Arts and Culture Coordinator, on the performance of the organizations funded the previous fiscal year. The monitor collects quarterly reports and conducts an annual site visit. The committee presented the recommendations to the entire Arts Commission and these recommendations were unanimously approved on April 18, 2017 to present to City Council as attached.

Agencies were then notified of the Arts Commission recommendations and tentative funding allocations, subject to final approval by City Council.

#### **Considerations:**

The funding criteria by which applications are scored also reflect the major priority areas established by City Council in the Budgeting for Outcomes process.

#### **Recommended Action:**

Concur with and approve the Roanoke Arts Commission's allocation for funding various nonprofit agencies for Fiscal Year 2018 as set forth in Attachment A to this report.

Adopt the accompanying budget ordinance to transfer \$340,000 as cited on Attachment A from the Roanoke Arts Commission Agency Funding Advisory Committee into accounts to be established by the Director of Finance within the Roanoke Arts Commission budget.

7.0.7

To: Honorable Mayor and Members of City Council

Meeting: June 5, 2017

Subject: Amendment to Chapter 6, <u>Animals and Fowl</u>, of the Code of the City of Roanoke, Virginia (1979), as amended, by enacting sec. 6-29. (CM17-00049)

#### Background:

The tethering of dogs for extended periods of time is inhumane. Extended tethering of dogs or tethering of dogs in distress has been shown to result in both physical and psychological injuries to the animals. The enactment and enforcement of laws that restrict the tethering of dogs to reasonable limits is a best practice and has already been enacted in other municipalities. Section 3.2-6543 of the Code of Virginia (1950), as amended, allows municipalities to adopt ordinances to protect animal welfare in keeping with the Code of Virginia.

#### **Considerations:**

The Animal Protection and Services Unit of the Roanoke Police Department requests the enactment of City Code Section 6-29, <u>Tethering Restrictions</u>. This code section will limit the tethering of dogs to no more than 3 accumulated hours during the day between 6:00am and 10:00pm. It will prohibit tethering between the hours of 10:00pm and 8:00am, prohibit the tethering of sick dogs, injured dogs, or dogs in heat, and prohibit the tethering of dogs under 4 months old.

The Animal Protection and Services Unit of the Roanoke Police Department, as with all new ordinances, intends to educate the public prior to active enforcement.

#### **Recommended Action:**

Adopt the accompanying ordinance to enact Section 6-29 of Chapter 6, <u>Animals</u> and Fowl, of the Code of the City of Roanoke, (1979), as amended.

1. Chapter 6, <u>Animals and Fowl</u>, Article II, <u>Dogs Generally</u>, Division I, <u>Generally</u>,

*Tethering*: a rope, chain, or the like, by which an animal is fastened to a fixed object so as to limit its range of movement.

Subject: Amendment to Chapter 20, <u>Motor Vehicles and Traffic</u>, of the Code of the City of Roanoke, Virginia (1979), as amended, by enacting Section 20-18. (CM17-00050)

#### Background:

The City of Roanoke has a diverse and active calendar of community events throughout the year. Some of these events, such as parades and festivals, involve the movement of livestock on public roadways.

#### **Considerations:**

The Roanoke Police Department, in an effort to ensure safe vehicular and pedestrian traffic, requests the enactment of City Code Section 20-18, <u>Livestock Prohibited on Public Roadways</u>. This code section will allow the police department to ensure that livestock are not allowed to interfere with the free flow of traffic on public roadways. Livestock consisting of cattle, sheep, horses, goats, llamas, pigs, and other domestic animals ordinarily raised or used on a farm, will not be allowed to transit a public roadway unless a public assembly permit has been obtained. The police department, as with all new ordinances, intends to educate prior to active enforcement.

#### **Recommended Action:**

Adopt the accompanying ordinance to enact Section 20-18 of Chapter 20, <u>Motor</u> <u>Vehicles and Traffic</u>, of the Code of the City of Roanoke (1979), as amended.

Subject: Amendment to Chapter 20, <u>Motor Vehicles and Traffic</u>, of the Code of the City of Roanoke, Virginia (1979), as amended, by enacting Section 20-69. (CM17-00051)

#### Background:

There have been two pedestrian fatalities in the Roanoke Valley over the past year. Pedestrian traffic and public safety are concerns that the City has authority to regulate. In an attempt to improve pedestrian safety on the City's busiest streets, the City is seeking to regulate pedestrian traffic on those streets where the lanes of travel are separated by a median. The police department and the City's traffic engineers have collaborated in the drafting of this ordinance with the focus of pedestrian safety.

#### **Considerations:**

The Roanoke Police Department is committed to protecting our pedestrians throughout the City. Therefore the police department, in working with the City's traffic engineers, requests the enactment of City Code Section 20-69, <u>Prohibited Activities on Public Roadways with Medians</u>. This code section will allow the police department to better regulate pedestrian traffic on streets with medians. Further, this code section will better protect pedestrian traffic while ensuring the free flow of motor vehicle traffic through these high volume corridors. The police department, as with all new ordinances, intends to educate its personnel and the public prior to active enforcement.

#### **Recommended Action:**

Adopt the accompanying ordinance to enact Section 20-69 of Chapter 20, Motor <u>Vehicles and Traffic</u>, of the Code of the City of Roanoke (1979), as amended.

# **CITY COUNCIL AGENDA REPORT**

To: Honorable Mayor and Members of City Council

Meeting: June 5, 2017

Subject: Designation of Market Square as a City Park and Amending and Reordaining Chapter 24, Buildings and Property Generally, to Amend Sections 24-93, 24-97 and 24-103 of City Code (CM17-00059)

# Background:

The Market Square, an area of public right-of-way located along the south side of Campbell Avenue, S.E. at its intersection with Market Street, S.E., immediately to the south of the City Market Building, has long been used as a place of public assemblies, festivals, and the Historic Roanoke City Market (Market). The Code of the City of Roanoke (1979), as amended, (City Code) currently regulates several activities that take place within the Square. The regulation and management of the Square is governed by Section 24-61 et seq. of City Code (Public Markets) subject to the provisions of The Historic Roanoke City Market Handbook promulgated by the City Manager. The hours of operation authorized by Section 24-64 of City Code are from 5:00 a.m. to 6:30 p.m. seven days a week, though actual hours of operation may vary based on circumstances and time of year at the discretion of the Market Manager with the consent of the City Manager. The Market is managed by Downtown Roanoke, Inc. under contract with the City.

With the significant capital improvements completed in 2014, the viability for the public's use of the Square at various times of the day and night during weeknights and weekends has increased significantly. In order to provide a more comprehensive framework of managing and regulating activities within the Square during those times when it is not operating as part of the Market, it is necessary to undertake several actions.

# **Considerations**:

The first action for the City Council's consideration is the adoption of an ordinance that amends Section 24-103, <u>Definition; purpose</u>, of City Code to clarify the method by which parks may be designated, either through designation in the City's Comprehensive Plan, or by a specific action of the City Council such as the Resolution being adopted as it pertains to Market Square Park. This measure will be effective on passage.

Following this action, City Council will consider the adoption of a resolution designating the Market Square as a City Park. This designation will enable the Market Square to be managed by the City under the provisions of the City Code specific to Parks and also provide for the applicability of administrative rules and regulations for Parks and Greenways promulgated by the City Manager during times when not operating as the Market.

Because of the unique uses and activities that take place in the Market Square, Chapter 24 of City Code is proposed to be amended and reordained to add a new Section, 24-93 <u>Market Square Park</u>, which will define the use, operation, and management of Market Square Park (Park) specifically, including when the park is closed; the acknowledgement of the use of the Park as the Market as outlined above; the provision of outdoor dining within designated areas of the Park; the regulation of the possession or consumption of alcoholic beverages within the Park; the permitting of street vending and sidewalk sales within the Park; and the means to regulate and manage the public rights-of-way encumbered by the Park.

In order for the various events held in Market Square Park to continue to provide for the possession and consumption of alcoholic beverages, amendment to Section 24-97, <u>Possession and consumption of alcoholic beverages</u>, <u>Article IV, Parks</u>, of City Code is necessary. The inclusion of Market Square Park as a park facility where alcoholic beverages would be allowed would be subject to the limitations set forth in Section 24-93, as amended, and described above.

# **Recommended Action:**

Adopt the proposed ordinance to amend Section 24-103 of City Code to clarify the process by which the City may designate property to be a public park, with an effective date upon passage.

Adopt the proposed resolution designating the Market Square area as a public park with an effective date as of July 1, 2017.

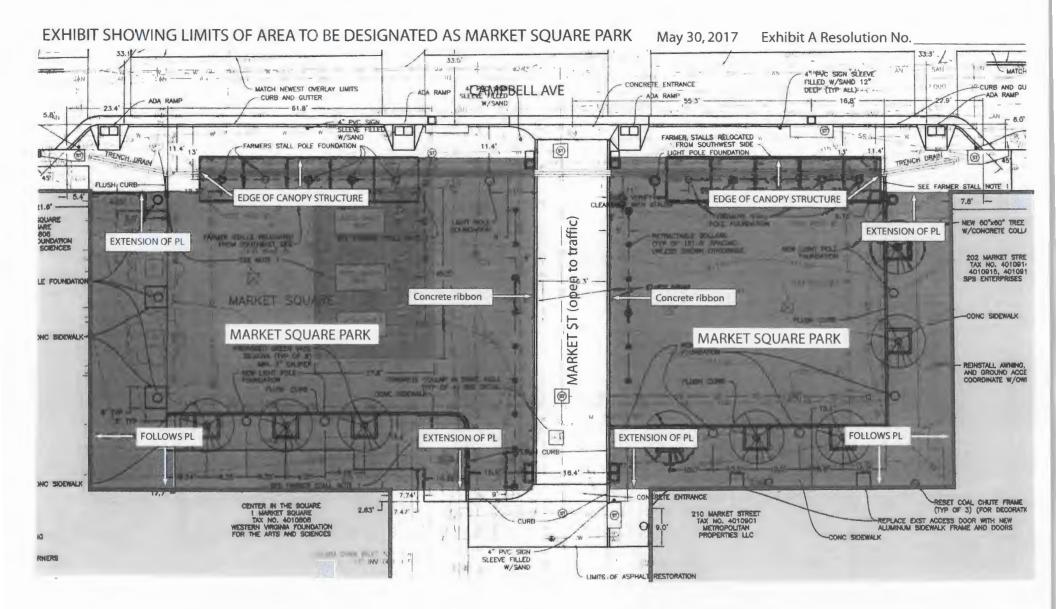

Adopt the proposed ordinance creating Section 24-93 of City Code with respect to the operations of Market Square Park, with an effective date as of July 1, 2017.

Adopt the proposed amendment to Section 24-97 of City Code with respect to conforming the City Code section regulating the possession and consumption of alcoholic beverages within certain public parks and the establishment of Market Square Park, effective as of July 1, 2017.
